Terrible place^o! Waited for over 35 minutes to be seen. Rude people. If zero was a rating I'd give it.

When you arrive at 7 minutes before scheduled time and they make you reschedule cause you weren't here 15 minutes early.
Every time I come here I am made to wait 30 plus minutes after scheduled appointment to be seen anyway. Frustrating and they hold the monopoly on Occupational things.

The staff here is extremely rude and I would not recommend going here. You'll have a bad experience and it's not worth going through the intensity of there poor customer service.

Wow. So unprofessional. I heard the ladies talking about me behind the window. The one said I can kiss her %#* because I didn't realize they were under staffed and had to cancel another appointment because I was already Checked in.

They deserve 0 stars. They are very rude and the whole place smells really bad. I'm not sure if it was from the people that work there or what but it was hard spending an hour waiting in that place.

I wish there was a zero star option. Showed up 10 mins early for appointment, filled out paperwork, waited 25 mins in lobby, then changed into hospital gown and put in back room for over an hour and 15 mins waiting to be seen....this 15 min appointment took over an hour and 45 mins...I would NOT recommend, especially if you are on any sort of timeline or if you don't wish to waste your day away. Staff could also learn to treat their clients/patients as human beings instead of a nuisance that they have to deal with.
