Dylan Bochsler recommended moving the consent agenda ahead of agency reports to conclude items requiring a vote while a quorum is present.

**MOTION:** Eric Olson moved to approve the agenda as amended. Deb Flagan seconded the motion.

**BOARD ACTION:** 5 Ayes; Motion to approve carried unanimously.

**APPROVAL OF MINUTES:**

**MOTION:** Rosa Martinez moved to approve the minutes from April 26, 2023. Eric Olson seconded the motion.

**BOARD ACTION:** 5 Ayes; Motion to approve carried unanimously.

**DATE OF NEXT REGULARLY SCHEDULED MEETING:** The next meeting is scheduled for August 23, 2023 in person from the 1st floor Hearing Room at 201 High Street SE, Salem, Oregon and via Zoom teleconference.

**PUBLIC COMMENT:**

No public comment

**NEW BUSINESS:**

Enforcement Consent Agenda

**MOTION:** Eric Olsen made a motion to approve the Notices of Intent and Final Orders on the Enforcement Consent Agenda. Deb Flagan seconded the motion.

**BOARD ACTION:** 5 Ayes; Motion to approve carried unanimously.

**AGENCY REPORTS:**

Chris Huntington, Agency Administrator noted four current board vacancies and discussed the appointment process. After the September Senate confirmation hearing, there will still be one remaining vacancy as Andrea Noble resigned her public member position. The August board meeting will be dedicated to rule implementation for new legislation as changes are required after the passage of SB228 and HB2922.

Mr. Huntington provided an overview of the new call back feature deployed in the licensing call center, noting that feedback from callers has been positive, wait times diminished, and dropped calls nearly eliminated though staff is still working to perfect the technology configuration. Eric Olson asked for data regarding how many people are unavailable at the time of the return call to which Dana Zeimantz reported that it happens rarely.

Mr. Huntington provided an overview of the budget, reporting that the agency has not seen the typical seasonal drop-off in license applications. However, while the CCB will start the biennium with a higher beginning balance than expected, COLAs will increase approximately \$900,000 and IT investment costs have increased significantly as well. The board was asked to identify information needed to allow for consideration of a path forward. Dylan Bochsler asked how much the board spends on credit card processing fees and Mr. Huntington estimated \$200,000. Eric Olson asked for scenarios for a tiered fee increase to minimize the impact on small contractors and Rosa Martinez suggested separate fees for residential and commercial contractors. Dylan Bochsler asked if fees could be tied to inflation or include projected increases to avoid future shortfalls. Deb Flagan asked that staff recommendations be provided with an emphasis on maintaining customer service levels.

Dana Zeimantz, Licensing Manager reported that the licensing team is fully staffed and immersed in training. Additional information will be provided at the October meeting regarding call back feature data as well as the new online payment project. Deb Flagan asked about complaints regarding the receipt of inconsistent answers to questions from staff. Ms. Zeimantz said it's likely related to how questions are asked, the level of detail provided, and how staff interpret the questions.

Leslie Culpepper, Communication and Education Manager shared information about her team's return to home shows and outreach events. While it is good to be back out in the community, they plan to maintain a lower attendance at events because non-traditional methods of reaching homeowners are proving to be more effective and efficient.

Vena Swanson, Enforcement Manager highlighted another successful sweeps season for her team with approximately 900 job site checks performed. Recruitment has been successful with a new field investigator hired for central Oregon, a lateral appointment moving a field investigator to mediations to replace a retiree, and the appointment of a new office specialist in support of the entire division. Ms. Swanson reported a steady increase in the Disputes Resolution caseload which currently sits at approximately 370 cases per analyst. A review of cases found an estimated 40% are related to contractors who failed to start work, 40% are related to complaints of bad work, and 20% are complaints of non-payment.

**OLD BUSINESS:**

None

**NEW BUSINESS:**

Chris Huntington shared the results of the biennial Homeowner Survey as required for KPM reporting. The results showed a large increase in homeowner awareness of the CCB and services provided as well as the importance of using a licensed contractor. There are several efforts that could be contributing to the change in results and the Communications team will continue this work.

**The meeting adjourned at 9:50 am.**

# Budget

## Agency Budget Bill: \$18.98 million\*

- Background
  - 3.6% increase from 2021-2023 Legislatively Adopted Budget (LAB)
  - Retains all existing positions (59 FTE)
  - \*Does NOT include negotiated COLAs and payments – approx. \$900K
  - With COLAs and other adjustments -- **-\$2.07 reserves or -34%**
- Moving Forward
  - Growth in labor costs over last 5 years makes current path unsustainable
  - Action needed by next budget to address *structural budget deficit*
  - Timing means a schedule needs to be adopted by early 2024
- Critical Priorities:
  - Maintain existing service levels
  - Continue to improve services through efficiency and streamlining (call-back, electronic applications etc.)
  - Protect License System Replacement funding -- \$2.1M (five-year cost)

# Key Budget Drivers

- **Increase in Labor costs:** (Total PS increase from prior biennium)
  - 2017-2019: +12%
  - 2019-2021: +7%
  - 2021-2023: +16%
  - 2023-2025: +10% estimated
- **Staffing Static; Industry Growing** (As end of biennium)(\*Rounded values)
  - 2017-2019: 60 FTE – 46K\* Contractors
  - 2019-2021: 60 FTE – 48K\* Contractors
  - 2021-2023: 59 FTE – 49K\* Contractors
  - 2023-2025: 59 FTE – ??
- **Critical need for IT investment** – costs have gone up as well
  - 2019 Average 5-year cost estimate: \$750 - \$1M
  - 2023 Average 5-year cost estimate: \$1.8M - \$2.1M

# Key Budget Questions?

- What questions will the board need answered to make a fully informed decision?
  - **What amount of fee increase would close the gap?**
    - \$50 Flat Fee Increase: \$2.3M
    - \$25 Renewal and \$100 New App. Increase: \$1.9M
  - **What would program service cuts look like?**
    - Assume roughly \$200K per position 10FTE
  - **What other types of costs could be explored?**
    - CCB is not a heavy overhead agency roughly 17%
    - Some savings could be achieved but a lot is baked in
  - **What other types of fees could be explored?**
    - Late fees?
    - Fees for CE?

# Further Discussion

Based on July Board Discussion:

- Can license fees be “right-sized” to limit financial impact on smaller firms? Few different models:
  - Existing Commercial License Structure – Level 1 and Level 2 (Opt in)?
  - Commercial vs. Specialty?
  - Financial status, size of firm, economic activity etc.?
    - Would require some restructuring, additional data collection and compliance.
- **Models other than straight license fees:** (Leg. action likely needed)
  - Some form of assessment that reflects size and/or economic activity?
    - Assessment on insurance or bond activity?
    - Permit surcharge?
- **Timing for decision: Late 2023 – Early 2024**
  - Even if fee implementation is deferred
  - If board wishes to pursue options with legislative action, may consider a placeholder fee increase

## Memorandum

**To:** Construction Contractors Board  
**From:** Chris Huntington  
**Date:** August 23, 2023 Board Meeting  
**Subject:** House Bill 2922 – Contractor Bond Increase Implementation Plan

---

### Overview

During the 2023 Oregon Legislative Session, the legislature adopted and the Governor signed House Bill 2922. The bill increased the minimum bonds required for Oregon Contractors. This memorandum summarizes the implementation plan for bringing all Oregon construction bonds into compliance with this new provision as seamlessly as possible.

### Bill Summary

House Bill 2922 increased all minimum bond amounts required for contractors and other individuals licensed by the Oregon CCB by \$5,000. Under current law minimum contractor bond amounts for contractors licensed by CCB range from between \$15,000 and \$75,000. The provisions raising the minimum bond amount by \$5,000 become operative on **January 1, 2024**.

The changes for each endorsement type are listed further below.

### Key Data Points

- Current Bonds on File: 51,586
- Bond Companies: 155
- **Companies w/ 1,000+ bonds: 10 – Comprising approx. 85% of all bonds**
- Firms with fewer than 10: 93 (40 w/ only one bond on file)

### Implementation

Oregon CCB is taking steps to make the implementation of these new provisions as seamless as possible. The guiding principles are to ensure compliance with the new provisions but also to have the bulk of the transition occur between CCB and the bond companies where possible. Although ultimately the requirement to ensure compliance is the responsibility of the licensee, there are measures described below that can streamline the transition.

The agency is working to develop a **Blanket Rider** form that surety companies can utilize to effect this change. A rider is a document that adjusts an existing insurance instrument or surety for either more money or to expand coverage to others. CCB routinely accepts individual riders to increase amounts on individual bonds. A Blanket Rider does the same thing for a set of bonds written by a particular firm. In a situation such as this, bond companies can use the Blanket Rider to increase all the bonds that a particular company has written and that they anticipate being in force once the provisions become operative on **January 1, 2024**.

We anticipate based on confirmations from several firms already that the majority of Oregon bonds will be raised through this method as it stands to benefit Oregon contractors, Oregon consumers, the bond companies and CCB. We have already communicated with the largest 10 Oregon bond providers to communicate some of these particulars and have received confirmations from several that they anticipate using the blanket rider process to benefit their

Oregon Contractor customers.

In some cases companies may choose to use an individual rider because they write a small number of bonds in Oregon or for other reasons. In a minority of cases, a company may elect to issue a replacement bond.

Our communication plan laid out below reflects the likelihood that most Oregon bonds will be increased through the process described above. As such we are communicating first with surety companies so that they are aware of the process and have full information about the process and schedule in the event that their customers contact them. Once the companies are briefed we will roll out communication to the contractors. By that stage we anticipate being in a position to alleviate most of the concerns contractors may have.

### **Tentative Anticipated Timeline**

While Oregon CCB is still finalizing the final timeline we would like to share a tentative timeline for implementing the provisions of House Bill 2922 and bringing all construction surety bonds for CCB licenses into compliance:

- **September 2023:**
  - Send Blanket Rider Forms to all sureties that have written sureties for Oregon CCB licensees.
  - Send Communications to contractors about upcoming changes, including details about implementation and FAQ documents.
- **September – December 2023:** Communication and coordination with contractors and Surety companies – answering questions, resolving issues etc.
- **December 1, 2023:** Tentative deadline for receipt of Blanket Rider forms (Note: Blanket Rider form will specify that changes become effective January 1, 2024).
- **December 1-31 2023:** Process blanket rider forms as well as individual increase rider form for those not participating in blanket rider process.
- **January 2024:** Apply changes, identify any bonds that are not in compliance with new provisions.
- **February 2024:** Send notices of non-compliance – including notice of possible license suspension – to contractors whose bond has not been raised either through a blanket rider, an individual rider or a replacement bond. The agency does not plan to use emergency suspension authorization in this context.

### **Summary of Bond Changes**

- Residential General Contractor — From \$20,000 to \$25,000
- Residential Specialty Contractor — From \$15,000 to \$20,000

### Summary of Legislative Changes

#### Senate Bill 228

- **Bill Summary**
  - Specifies additional circumstances under which Construction Contractors Board may revoke, suspend, condition, or refuse to issue or reissue license for construction contractor, or impose civil penalty for violation of laws that regulate work of construction contractors in this state. Provides board with additional rulemaking powers related to obtaining or maintaining construction contractor license and resolving complaints. Requires licensed contractors to notify board within 10 days after change in status if contractor's status changes from exempt to nonexempt or from nonexempt to exempt.
  - Signed into law on July 13, 2023
- **Statutes Amended**
  - ORS 701.046, 701.063, 701.098, 701.117, 701.992
- **Rule Changes Required**
  - OAR 812-002-0260, 812-003-0260, 812-003-0280, 812-003-0290, 812-003-0321, 812-003-0380 (Possible), 812-003-0390, 812-004-1320, 812-005-0100, 812-005-0140, 812-005-0160, 812-005-0250, 812-005-0280, 812-005-0800, 812-009-0340
- **CCB Impact**
  - DRS
    - Allows CCB to identify by rule additional circumstances that would allow the agency to accept jurisdiction over a complaint that complies with

submission deadlines to the maximum degree possible under the circumstances. This may cause a minor increase to workload for the DRS section. This will be addressed in future rulemaking.

- Compliance
  - SB 228 adds additional circumstances under which CCB may revoke, suspend, condition, or refuse to issue or reissue license for construction contractor, or impose civil penalty for violation of laws that regulate work of construction contractors in this state. This may lead to a minor increase in cases and workload for the compliance section.
  - The addition of the option to condition a license may require some policy implementation related to how/when that tool will be used for licensees.
- Licensing
  - The bill allows for some additional circumstances that may lead to a denial of a license. This may lead to more denials of applications/renewals and an increased workload for the licensing section if those denials lead to an administrative hearing.
  - Additions to application and renewal forms may be necessary to include the new requirement to verify exempt/non-exempt status.
- **Industry Impact**
  - Additional notification requirements related to exempt/non-exempt status - Requires licensed contractors to notify board within 10 days after change in status and to certify status at time of issue or renewal of a license.
  - Additional enforcement tools that may impact companies facing a compliance case or who are entering into a settlement agreement through the DRS process.

## **House Bill 2922**

- **Bill Summary**
  - Increases required bond amounts for all licensed contractors by \$5000.00.
  - Takes effect 91 days after sine die; however, new requirements not operative until January 1, 2024
  - Signed into law on July 13, 2023
- **Statutes Amended**
  - ORS 701.081, 701.084, 701.153 and 701.470
- **Rule Changes Required**
  - OAR 812-003-0171 update rule to reflect new standards.
- **CCB Impact**
  - Temporary increase to workload for licensing staff in late 2023/early 2024.
  - Possible changes to forms or documents.
- **Industry Impact**
  - Beginning on January 1, 2024, Contractors will be required to hold the larger bond amounts listed in HB 2922 and will be required to provide proof of the

required bond amount to CCB. This will likely cause a very minor increase to costs for the affected businesses.

#### **Other Bills**

- **HB 2001:** Establishes Oregon Housing Needs Analysis in Oregon Department of Administrative Services.
- **HB 2112:** Updates definitions and terminology used in public records law pertaining to records retention.

- **SB 722:** Relating to retainage in construction contracts.

**Recommendation**

Several current administrative rules need substantial amendments while others require only minor housekeeping to implement the new laws passed during the 2023 legislative session.

Additions to rules will be **bold and underlined**, subtractions from rules will be ~~struck through~~.

Recommend the Board approve proposed rule changes for public hearing and subsequent permanent adoption so long as no substantive changes are made as a result of the public hearing.
