Overview of Justice Reinvestment Program Competitive Grant

In 2017, House Bill 3078 created a competitive grant to support county *downward departure prison diversion programs*. Unlike the Formula Grant, Competitive Grant funds are not fixed by a formula.

The following requirements apply to Competitive Grant awards:

- Funds awarded must be used to: A) support key personnel that increase local capacity to engage in a downward departure prison diversion program, or B) provide training directly related to the development or operation of a downward departure prison diversion program.
- No less than 10 percent of funds awarded must be distributed to community-based nonprofit organizations that provide services to victims of crime.

Applicants that seek Formula Grant funding are not required to seek Competitive Grant funding.
