A message from DAS Procurement Services

OregonBuys intro for OrCPP members

You may have heard the state of Oregon is getting a new eProcurement system called OregonBuys. This powerful tool will replace the Oregon Procurement Information Network (ORPIN) and will be the new solution for state agencies and OrCPP members.

We're excited to now be able to share an introduction of OregonBuys with you. Your OrCPP program managers: Kelly Stevens-Malnar & Adam Helvey; and OregonBuys Program Administrator Nicole Brazeal have prepared a recorded message just for OrCPP members: [click here to watch the recording >>](#)

If you've watched the recording and want to learn more — we invite you to join us for a virtual forum. At the forum we'll discuss the key project dates and important tasks, provide a system demonstration, and hold a question & answer session:

OregonBuys OrCPP Member Forum

March 10 from 9 to 11 a.m.

Click the button below to register and get meeting login instructions:

We look forward to seeing you at the forum!

OregonBuys: One unified system — modernizing state procurement
