

# Prison Forecast by Age Group

Analysis of the October 2019  
Forecast

Office of Economic Analysis

# Findings

- ▶ The percentage of 61 and older inmates is expected to rise from 7.3 percent on July 1, 2019 to 9.9 percent on July 1, 2029.
- ▶ The percent of inmates in the 18-24 age group is expected to fall from 8.1 percent to 5.0 percent on July 1, 2029.
- ▶ This analysis assumes that intake cohorts exhibit similar age group and length-of-stay characteristics as recent intakes.
