

## 2022 Asbestos Fees Increase

Effective July 1, 2022

On May 19, 2022, the Environmental Quality Commission adopted rule amendments to increase asbestos program fees. The proposed rules will achieve this by:

- Increasing abatement project notification fees; and
- Increasing worker and supervisor certification fees; and
- Increasing licensing fees; and
- Increasing training provider accreditation fees.

The new fees go into effect on July 1, 2022 and are as follows:

## Overview of Asbestos Fees 2022 rulemaking

As part of the Department of Environmental Quality's 2021-2022 approved budget, the Oregon Legislature authorized a fee increase for the Asbestos Program to generate an additional \$300,000 in revenue beginning July 2022, approximately a 30% increase. DEQ conducted a rulemaking to determine fee increases for specific asbestos program activities. The Environmental Quality Commission adopted the rules and proposed fee increases on May 19, 2022.
