

Wastewater Operator Certification Program

Obtaining 2.0 Continuing Education Units for passing an ABC exam

DEQ now grants renewal Continuing Education Units for passing an ABC exam.

Requirements

- You must pass the exam during your specified renewal period
- Include proof of passing in lieu of CEU completion certificate and indicate “ABC exam” on renewal application CEU table

Additional information

This counts for upgrading an existing certificate or becoming dually certified (in both collection and treatment)

Don't wait until the end of your renewal period, since there is a chance you won't pass, and you will still need to obtain CEUs by the deadline, or you will need to pay the reinstatement fee.

For more information, visit DEQ's [Wastewater Operator Certification web page](#).

Alternative formats

DEQ can provide documents in an alternate format or in a language other than English upon request. Call DEQ at 800-452-4011 or email deqinfo@deq.state.or.us.
