

# South Fork Forest Camp

Welcome to beautiful South Fork Forest Camp (SFFC). SFFC is set in the majestic foothills of the Coastal mountain range and is central to Tillamook and Banks. Just thirty-minutes from the Tillamook Coast and have multiple visitor attractions. Seaside is about an hour's drive, and Portland is a little over an hour's drive from the camp. The setting is akin to many of the of secluded resorts you would find in Rocky or Adirondack Mountain ranges. While security is the top priority South Fork's open-air facility lends a strong tool in our efforts to move the prison environment into normalcy for the adults in custody (AICs) and staff alike.

The Oregon Department of Corrections (DOC) and works in collaboration with The Oregon Department of Forestry where AICs receive training in fire suppression, tree planting, bud capping, undergrowth thinning, Parks and Recreation trail maintenance, as well as raising salmon and steelhead for the Department of Fish and Wildlife. Security staff also may work in remote fire camps for up to two-weeks while AICs help fight wild land fires. DOC has great pay, pension, and benefits such as health care and vacation.

SFFC has staff quarters that are available for those who have long commutes or are working shift trades and overtime. The staff rooms are private, outside the camp limits, have wifi, hot showers, a kitchenette, laundry facilities, and a well-equipped fitness center. Everything necessary to address several dimensions of wellness.
