

Transportation GA in Current Div. 89 Rule	Alternative “Coverage” If Transportation GA is Deleted
<p>1. Removal of garbage, trash and rubble from in and around transportation structures.</p> <p>Limitations:</p> <ul style="list-style-type: none"> • Cannot adversely affect woody vegetation, wetlands or waters • Material must be disposed of at a licensed facility • No stockpiling of material in wetlands or waters. 	<p>Up to 50 cubic yards of removal per year in many waters is not regulated by DSL.</p> <p>Removal of trash, garbage, and rubble greater than 50 cubic yards or in ESH waterways is already exempt as a voluntary habitat restoration activity per OAR 141-085-0534 (9) with the same limitations.</p>
<p>2. Large wood relocation from in and around transportation structures. Limitation:</p> <ul style="list-style-type: none"> • Material may be relocated elsewhere below ordinary high water line, highest measured tide line or in wetlands. 	<p>Up to 50 cubic yards of removal per year and up to 50 cubic yards of fill (placement of wood) in many waters is not regulated by DSL.</p> <p>Removal of large wood greater than 50 cubic yards or in ESH waterways that poses a risk to transportation structures is already exempt per OAR 141-085-0530 (9).</p> <p>Placement of large wood over 50 cubic yards or in ESH waters is already exempt per OAR 141-085-0534 (7). (Must be consistent with ODFW placement guidelines and a notice to DSL is required).</p>
<p>3. Investigative drilling (test holes and borings) for planning and designing transportation structures.</p>	<p>Up to 50 cubic yards of removal and fill in many waters is not regulated by DSL.</p> <p>Investigative drilling in ESH waterways is covered in the “Minimal Disturbance” GA. (Currently limited to 4 cubic yards; proposed to be increased to 10 cubic yards.)</p>
<p>4. Culvert replacement for fish passage</p>	<p>Up to 50 cubic yards of removal and fill in many waters is not regulated by DSL.</p> <p>Maintenance or reconstruction of any culvert over 50 cubic yards or in ESH (up to 20% increase in footprint) is exempt per OAR 141-085-0530 (4).</p> <p>If the replacement exceeds the exempt “maintenance” allowance (i.e., footprint increasing by more than 20%), then the activity is covered under the Waterway Habitat GA (both in existing rule and proposed rule.)</p>
