

Built Environment Efficiency Working Group - Public Meeting
Tuesday, April 16, 2019, 2:00-4:00pm
550 Capitol Street NE, Salem OR 97301
Meitner Room

1. Overview of EO 17-20 Progress to date. Highlights:

- ✓ Directive 3A: Database of eligible state-owned buildings and their energy consumption
- ✓ Directive 3C: Plug load strategy
- ✓ Directive 3E: State tool for high performance energy use target and carbon neutral requirements
- ✓ Directive 4E: Report on key industries with potential for energy and cost savings
- ✓ Directive 4F: Analysis and report on appliance standards
- ✓ Directive 5A: Meter based savings pilot programs
- ✓ Directive 5B: Energy assessment in affordable housing and 10 year energy burden plan
- ✓ Directive 5D: Evaluation of distributed resources and resilience

2. What is left in the EO and how to get involved? Highlights:

- Directive 3E: lifecycle energy or water use costs or savings
- Directive 4A: solar ready residential and commercial buildings
 - Invited input from: Energy Trust of Oregon
- Directive 4B: EV ready residential and commercial buildings
 - Invited input from: City of Portland, Energy Trust of Oregon
- Directive 4C: Zero energy ready homes standard in residential code
 - Invited input from: Energy Trust of Oregon, NEEA
- Directive 4D: Commercial code that exceeds IECC/ASHRAE 90.1 and meets/exceeds ASHRAE 189.1
 - Invited input from: Energy Trust of Oregon, NEEA
- Directive 4G: High efficiency water fixtures
- Directive 4H: Standards for water capture and safe reuse
- Directive 5C: Coordination of data to inform energy use reduction in region
- Directive 6: Cost-analysis tool and process for deferment
- Directive 7: Identify structural barriers or barriers to information and recommend opportunities to provide equitable access to clean energy

3. Q&A and Next Steps

Agenda is subject to change
