**Population Forecasting** is mandated by ORS 197.639(6) to be the highest priority use of grant funds for the department. The grant is for preparation of city and county population forecasts for the entire state on a four-year cycle. The entity receiving funds:

**PSU-Population Research Center - \$510,001**

**Oregon Department of Land Conservation and Development  
General Fund Grants for the 2021-23 Biennium**

**Columbia River Gorge Scenic Area** grants are to assist counties in their responsibilities in planning and implementing the requirements of the Columbia River Gorge National Scenic Area Act. The counties received the following amounts:

**Hood River - \$90,000, Multnomah - \$80,000, Wasco - \$100,000**

A **Dispute Resolution** grant assists in providing collaborative dispute resolution services related to land use disputes. The entity receiving funds:

**PSU-Oregon Census Program – Land Use Dispute Mediation Services - \$20,000**

**Technical Assistance** grants assist local governments in the update or land use plans, ordinances, or other needed planning projects outside periodic review.
