

North American Standard Inspector Certification

Inspector Name: _____

Agency / Department: _____ What Certification Level? _____

Date completed one or two-week inspection course: _____ - _____ - _____

Inspector trainee is required to complete **at least** 32 Level I, Level II, or Level III inspections depending on the level you and your manager has decided for you to do. You must complete these inspections with a certified inspector who has the same level you plan on being at or a level 1 who can coach any level. You must complete these inspections within 6 months of completing Part A and B course. Occasionally an inspector may need to complete more than 32 inspections. Supervisors should sign this form **only** when the supervisor is comfortable the inspector is ready to conduct Level I, II, or III inspections with no supervision. **Note:** Include all copies of inspections.
