

# One call can wreck your day.

## Nothing brings a quick end to a beach trip like a call or text gone bad.

Using your phone while driving distracts you from your most important focus: the road. Remember police in Oregon can pull you over if they see you handling an electronic device, costing you hundreds of dollars. And a crash would cost you much worse. So keep your mind alert, your hands on the wheel and your eyes off the screen...and have a nice day.
