Subcommittee status report review

- PPE
 - Presented list of recommended PPE for media at wildfires
 - Need to include PPE required for all hazards
 - How should it be coordinated into training?
 - How does the media access the list?
 - PPE required in addition to credential
 - Lack of proper PPE can lead to denial of access to scene
 - If media shows up without PPE or training, will PIO be available for guided access?
 - Incident commander has final say
- Training
 - Charge is to lay out the content of training
 - Recommend training not to exceed an 8 hour timeframe
 - Annual refresher not to exceed 4 hours
 - Training to occur in multiple locations throughout state to ensure equitable access
 - Include online portion?
 - Who will conduct training?
 - Do we need to request a budget and resources from Legislature?
 - Create task book for media to complete and submit to credentialing agency for certification
 - Make sure training includes what to do when media encounters private property
- Credentialing
 - Who will the credentialing agency be?
 - Who will maintain database of credentialed media?
 - Can SPJ?
 - Should credentials be printed or digital?
 - Should we include a parking placard?
 - Proposing \$500/yr budget for design and production of credentials
 - Need to determine grounds for revoking credentials
 - Can we require a hold harmless agreement to be signed before issuing credentials?

Priorities

Next Steps

- Subcommittees to finalize status reports and provide to main committee with recommendations and decision points for review and approval
 - Admin subcommittee to use updated status reports to draft SOG's
- Schedule next full committee meeting for 2 weeks out
