

Health Care Market Oversight (HCMO) Program Table for National Provider Identifiers

If the proposed transaction includes entities that are associated with National Provider Identifiers (NPIs), the applicant must complete the following table, which is similar to the data structure of the National Plan and Provider Enumeration System (NPPES) NPI Registry. Submit this form to hcmo.info@dhsosha.state.or.us.

Listing the NPIs below will allow OHA to analyze market concentration and measures of access, quality, and cost.

Add additional rows as needed.

NPIs associated with the Applicant

Applicant Name:

NPI	Name	Primary Practice Address	Primary Taxonomy

NPIs associated with another entity involved in the material change transaction

Entity Name:

NPI	Name	Primary Practice Address	Primary Taxonomy

Add additional tables for other entities involved in the material change transaction that have associated NPIs.
