We received an overwhelming response to the first round of applications for this program! 88 applications were submitted, and we were only able to award 20 organizations with the funding that was allocated for the program. Decisions on which organizations to approve for an award were made based on the essay/plan responses within the application. We are currently advocating for more funding to be made available for this program due to the gap in funds requested and the amount that was allocated.

If you have any questions, please feel free to contact the incentive coordinator Tim Nesbitt directly at Tim.R.Nesbitt@dhsosha.state.or.us. On behalf of OHA, we thank you for your participation.

Thank you,

Frederick Staten
