APPENDIX K: Emergency Preparedness and Response

This standalone appendix may be utilized by the state during emergency situations to request amendment to its approved waiver. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.ⁱ This appendix may be completed retroactively as needed by the state.

• Retainer payments attributable to each individual will be provided in circumstances in which attendance and utilization for the service drops to below 75% of the monthly average for the period of 10/01/19 through 12/31/2019

• Retainer payments will not exceed the anticipated 75% of monthly average of total billing and will be attributable to individuals and not paid to agencies as a lump sum

• When an individual receiving Individual Employment Support (Job Coaching) experiences reduced work hours, due to COVID-19 pandemic retainer payments for the Individual Employment Support provider will be paid equal to the difference between provider payments based on actual hours worked by the individual and the anticipated monthly average of hours worked by the individual. This type of retainer payment is due to the ODDS rate methodology for Individual Employment Support – Job Coaching being based on the number of hours the **individual** works.

Through billing procedures, ODDS will ensure that there will be no duplicative payments.

The retainer time limit may not exceed the lesser of 30 consecutive days or the number of days for which the State authorizes a payment for "bed-hold" in nursing facilities.

ⁱ Numerous changes that the state may want to make necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
