

CCO-F Plans and Dental Networks

A Guide for Staff and Community Partners

Some Oregon Health Plan (OHP) members use plans called dental care organizations (DCOs). Starting January 1, 2023, OHP is changing the way it works with DCOs and will no longer have contracts with DCOs. OHP members who use DCOs (have fee-for-service for medical) will move to a new dental plan under a Coordination Care Organization (CCO). OHP will work with CCOs to get members the dental care they need. There are different types of CCO plans based on the services CCOs provide. This new **dental only** plan for OHP members is called **CCO-F**. Most CCOs have contracts with one or more of the same DCOs that have been serving OHP members; therefore, most members will be able to keep their dental plan when they become CCO-F members. Please see the table below for CCO-F options within each county and zip code, as well as the dental networks that work with each CCO. Visit <http://bit.ly/CCOplans> to learn more about CCO plans.

Staff and community partners can use this guide to help members understand potential dental network options within each CCO-F. However, members should be aware that dental network assignment is contingent upon provider availability, and assignment to a specific dental network is not guaranteed. Members should contact their CCO-F with questions about dental network availability.

County	Zip Codes Covered	CCO-F Option	Dental Networks	Provider Directory
