RE: EIA Rates Update
DATE: 10/1/2023

Greetings,

Effective October 1, 2023, the Oregon EIA average rates indicated below are required to be used on all projects audited after this date.

The updated utility rates are as follows:

Electricity:	\$0.1177/kWh
Natural Gas:	\$1.0392/therm
Propane:	\$2.4231/gallon
Heating Oil:	\$3.4602/gallon

These EIA rates must be utilized and apply to DOE, ECHO, BPA and LIHEAP funded projects. BPA projects may use actual rates provided they are higher than the EIA rate (documentation required).

OHCS will update the EIA rates annually by October 1st. If you have any questions, please contact me at (503) 986-0972.

Best Regards,

Michael Figueredo
Weatherization T&TA Coordinator
