Update For: Rent Guarantee Program Updates

Message: The Rent Guarantee Program has been updated to allow for a self-certification of eligibility requirements using the Student Information Form and updated Release of Information. The RGP manual has also been updated to incorporate these changes and other changes that align the program with a statewide curriculum and the on-line Rent Well course. These changes are effective as of today, May 24, 2023. The manual available on our RGP dashboard is now a red-lined version showing the edits that are being implemented with this update. The manual will be solidified later this Fall.

The RGP dashboard also has a replay of our Zoom training this morning to cover all these changes as well as a copy of the Powerpoint slide deck that highlights the changes. Please avail yourself of these resources and if you have any questions, feel free to reach out.

Access to the RGP Dashboard is found at:
