OREGON LIQUOR CONTROL COMMISSION
New Package from Harvests Worksheet

This worksheet is provided by the OLCC as a tool for collecting necessary information for assigning package tags to usable marijuana from a "harvest" in the cannabis tracking system (CTS). Marijuana packaged from harvests may be combined only if it belongs to the **same patient.** Once all information is collected on this worksheet, enter the tracking data into CTS before starting operation the next day to meet daily reconciliation requirements. **Use of this worksheet is not required. Completing this worksheet does not meet necessary tracking requirements.** All information must be entered into CTS.

Facility:

Facility Name:	
Facility Number (in CTS)::	

New Package Information:

Package tag:	
Item:	
Room:	Patient Number:
Package weight:	Unit of Measurement (UoM):

Source 1 harvest:	Patient*:
Weight from source:	UoM:

Source 2 harvest:	Patient*:
Weight from source:	UoM:

Source 3 harvest:	Patient*:
Weight from source:	UoM:

Source 4 harvest:	Patient*:
Weight from source:	UoM:

Source 5 harvest:	Patient*:
Weight from source:	UoM:

Only packages that are from the same patient may be combined. All patient numbers on this worksheet should be identical. This information is included in order to ensure this information is confirmed.
