Well ID Program APPLICATION INSTRUCTIONS

Use a separate application for EACH well on the property. If the well already has an existing Well ID Number (L-xxxxx), you do not need to complete this application, unless there is no well ID physically on the well head. In that case you would note that you are requesting a replacement well ID. (Note: It will be a new number.)

I. OWNER INFORMATION

Print the current owner's name, mailing address (including city, state, and zip), and the address where the Well ID packet should be sent. If the property has closed in escrow, the packet may be sent directly to the buyer. The packet should be sent to the party who currently has access to the well.

II. WELL LOCATION INFORMATION

Provide the Township, Range, Section, Quarter / Quarter, County and Tax Lot number. This information may be obtained from property tax statements, legal description of the property, or from the Assessor's Office. The Assessor's Office may also refer to this as the "Map and Tax Lot Number". A list of County Assessors is enclosed for your use.

III. GENERAL WELL INFORMATION

Please provide as much information as you can: depth of well, diameter of well casing, year constructed, and use of well. If you know who owned the land when the well was drilled, or when the property was developed, please also include that information in the space provided. If you have a Well Constructor's Water Well Report (look on log for: first 4 letters of the county, and some numbers), please enter that. If not, you can search our online database for the Well Report on our website: www.oregon.gov/OWRD. On the home page under the Groundwater & Wells heading, click "Find a Well Report".

For well information you don't know, simply leave those fields blank.

The information given on the application will assist the Department in locating a well report, if one has not yet been identified. Note: If no well report is found, the application will become the first record of the well in our system.

Contact the Well Identification Program Specialist at 971-287-8218 or via email at Ladeena.K.Ashley@water.oregon.gov if you have questions.

Oregon County Assessor Offices

The County Assessor's Office can provide you with the Township, Range, Section, and Tax Lot (combined: map lot #). They can also provide you with a list of previous owners of the property where the well is located.

Well ID Program Frequently Asked Questions

All wells drilled, deepened, converted or altered after 1996 are required to have a well ID number attached to the well head. This Well ID Number is usually attached by the well constructor. If there is no ID number on the well, a landowner may apply for one using the Well ID application form, which is available from the Water Resources Department's website at www.oregon.gov/owrd.

Is there a fee to get a Well ID? No. It is free to apply for and receive a Well ID Number.

What is the legal basis for the program? Oregon Revised Statutes 537.788 - 537.793.

What is the purpose of the program? The purpose is to catalog each well with a unique Well ID Number. This number will link the well with a physical description of how the well was constructed (well report) in the Department's database.

What types of wells are bound by this program? All wells, including monitoring and water wells.

Do I need to apply for a new Well ID Number if my well already has one on it? No. Only one Well ID Number is required for the life of the well (unless label is unreadable).

Should I apply for a Well ID Number now or should I wait until the property changes ownership? You may apply for a Well ID Number at any time.

I share a well and the well is on the neighboring property. Do I apply for a Well ID Number when I sell my property? No. The owner of the property where the well is located is responsible to obtain a Well ID Number when their property changes ownership.

Who is responsible for initiating the process? The landowner who owns the property where the well is located may apply for the Well ID Number or the buyer may also apply for the Well ID Number.

Will this delay the property transfer if I am selling my property? No. It is not necessary to apply for or obtain a Well ID Number before closing the property transfer. The seller, buyer, or their agent may apply for the Well ID Number by completing an application.

What is a Well Report? A well report is a physical description of how your well was constructed. The Oregon Water Resources Department maintains a database of all wells constructed in the state since approximately 1960.

Does the Water Resources Department verify the well construction during this process? The Department does not review the well construction prior to the issuance of a Well ID Number. However, as part of the Department's Well Construction Program, new wells are routinely inspected during construction. If you have specific problems or concerns about your well, please contact the Department directly.

If you have questions concerning your well, contact the Water Resources Department: (503) 986-0900, or visit our website: www.oregon.gov/owrd. Our office is located at 725 Summer Street NE, Suite A, Salem, Oregon 97301-1266.
