NEED FOR THE RULE(S)

The proposed rules are based on input provided by the board during both 2020-2024 and 2022-2026 strategic planning meetings in November 2019, November 2020 and November 2021. During these meetings the board requested that rules be updated to clearly state how technician may assist in the practice of pharmacy under the supervision, direction

and control of a pharmacist with verification, changing the structure of the rules such as replacing specific lists of what a technician can and cannot do with recognition that this list changes with advances in technology. In October 2022, the board moved to send this package of proposed rules to the November 22, 2022 rules hearing for the purposes of soliciting feedback from stakeholders and the public. The board does not intend to adopt these rules at the December 2022 meeting but will consider comments provided via rulemaking, propose further revisions to these rules, and send through rulemaking again in 2023 to solicit additional feedback prior to considering the adoption of rules concerning Certified Oregon Pharmacy Technicians (COPT) and Pharmacy Technicians (PT). The proposed rules create a new Division 125 for COPTPT. Proposes relocating, reorganizing, and revising existing COPT and PT rules from Division 025. When the board adopts Division 125, existing rules related to COPT and PT will be repealed in Division 025.
