

OBOP - CE Reading Log

Use this form to keep track of reading books and articles from peer-reviewed journals for which you are claiming continuing education (CE) credit. Do not submit this form unless you are selected for an audit. Transfer your total credits claimed to the appropriate Detail Table(s) on the Continuing Education Audit Report Form, enter "Reading Articles" for the Activity Title, and "H" for the Type Code. You may claim a maximum of four total credits for reading, which may be any combination of articles (four articles = one credit) and books (100 pages = one credit). These may be claimed for up to two hours towards the pain management (PM) requirement, and two hours towards ethics (E) (indicate credit for these subjects in the far-right column).

Name: _____ License #: _____

	Date Read	Author(s)	Article/Book Title & Page #s	Journal/Publisher Name	Volume / Issue #	Publication Date	Indicate credit for PM or E
