3. Select the Language you wish to change the application to. You can scroll through the listed options using the arrows or bar circled in the photo below. Or you can type to find the language you're searching for more quickly by clicking the Select Language field and quickly typing the first two letters of the language you're searching for. The entire page will then be presented in the language you've selected.

Para *registrarse,* seleccione la siguiente opción para "Completar un registro de contratista". Debe esperar hasta recibir un correo electrónico indicando que ha sido aprobado antes de continuar.

Para reservar un reembolso, seleccione la siguiente opción para "Reservar un reembolso o subvención".

Si recibe un mensaje "No tiene los permisos adecuados", comuníquese con nosotros utilizando uno de los métodos que se indican a continuación. Los contratistas registrados presentan una solicitud para reservar reembolsos y subvenciones. El progreso de su solicitud se guardará cada vez que haga clic en el botón "Siguiente" de la aplicación. Si hace clic en "Anterior" o abandona la página antes de hacer clic en "Siguiente", su progreso en esa página se perderá. Puede salir de la

Your Email	5555	

Do you hold, or does your company employ an individual holding, any license, bond, insurance, or permit required to sell and install a heat pump? All
applicable licenses, bonds, insurance or permits required must be maintained throughout the installation period until the installation of the heat pump is
complete.

• Yes

O No

2. Do you hold, or does your company employ, an individual holding, an active license with the Construction Contractors Board?

Yes

O No

If the licensed individual(s) is/are someone other than yourself, please provide the full names of the CCB license holders.

5. Once you have filled out the requested information and answered all 10 questions select the next button at the bottom of the page. Next will both save and continue your registration. If you wish to return to the registration later be sure to click next first to save any progress.

	10(a). Does your company have the capacity to serve customers that speak another language than English?
	• Yes
	O No
	10(b). If yes, please list the language(s)?
	Other languages spoken

6. If you answer 'yes' to question 4; *Do you hold, or does your company employ, an individual holding an active license with the Building Codes Division authorizing performance of HVAC activites?*, when you click next, two additional questionswill appear on the next screen. You will be asked to provide the full name of the BCD license holder(s). Please be sure to separate names with a comma if there are multiple. The next question will ask for the license numbers of the BCD license holder. Be sure to list the numbers in the same order as the names using a comma to separate if multiple.

9. You will know you have completed the registration once you see the following success screen and receive a confirmation email.

Home > Oregon Rental Home Heat Pump Program Contractor Registration

Oregon Rental Home Heat Pump Program Contractor Registration

Submission completed successfully.

Common Registration Issues:

• <u>330-280-0020</u> a) requires that "A contractor that installs a heat pump, or a subcontractor that installs a heat pump on behalf of a contractor that offers heat pumps for sale, must hold any license, bond, insurance, or permit required to sell and install the heat pump. The contractor or any subcontractor performing the installation must maintain all applicable licenses, bonds, insurance or permits required throughout the installation period until the installation of the heat pump is complete." which includes the electrical permit. If you are a contractor that installs heat pumps and subcontracts the electrical work; we will just need to know that you typically subcontract this work. If you have an electrical subcontractor that you typically subcontract with, please send us their ccb# so that we may verify eligibility. Not having the electrical license will not prohibit you from becoming an approved contractor but we will need to know that this work is subcontracted.

Approved Contractor Sign in issues

If you receive the following error message, please use this section of the guide to troubleshoot.

- If you receive the permissions error message; you may be receiving this message because your user information has not been approved. Your company may be on the approved contractor list, but only the user information used during registration will have access to be able to submit reservations. If your company is not designating one person to submit all reservations you will need to 1st register to become an approved contractor, typically this process will go faster if the company has already been approved as we have already checked all the information once.
- 2. If your user account is the account that was approved and you are still receiving this error message, it could be that the system has not updated since being approved. We recommend waiting at least an hour from when you receive the approval email to log in, that way the system has time to update.
- 3. If your account was approved and you have waited and still receive this error message, we recommend signing out of everything and clearing your browsers cookies. Once the cookies have been cleared if you are still receiving the error message, please contact us via email @ rentalhome.heatpump@energy.oregon.gov so we may further troubleshoot.

Other common sign-in issues

- If you are unable to sign-in typically the issue is the user is trying to sign in by typing their email into the username field. If you have forgotten your username you will need to email us at <u>rentalhome.heatpump@energy.oregon.gov</u>. As there is currently no 'Forgot Username' option. We will then provide you with your username to see if that solves the issue.
- 2. If you have your username and your sign in still is not working, please try the forgot password option. Typically, it takes about an hour for the system to process the password change so please be patient when trying to sign in again.
- If you have tried all of the above and cleared your cookies and are still unable to sign in please email us @ <u>rentalhome.heatpump@energy.oregon.gov</u> so that we may have our IT team send you an invitation to log in. Once you receive the invitation you will need to select the Redeem invitation option and proceed with the directions provided.
